

al.tonikolaba.handlers.Keys
Test.isPressedTest

al.tonikolaba.handlers.Keys
Test.updateTest

al.tonikolaba.handlers.Keys.update

```
graph LR; A["al.tonikolaba.handlers.Keys<br/>Test.isPressedTest"] --> C["al.tonikolaba.handlers.Keys.update"]; B["al.tonikolaba.handlers.Keys<br/>Test.updateTest"] --> C;
```

The diagram illustrates a mapping from two test methods to a single update method. On the left, there are two white rectangular boxes. The top box contains the text 'al.tonikolaba.handlers.Keys' followed by 'Test.isPressedTest' on a new line. The bottom box contains 'al.tonikolaba.handlers.Keys' followed by 'Test.updateTest' on a new line. Two blue arrows originate from the right side of these boxes. The arrow from the top box points to the top-left corner of a gray rectangular box on the right. The arrow from the bottom box points to the top-left corner of the same gray box. The gray box contains the text 'al.tonikolaba.handlers.Keys.update'.
